## Experience

### INTERN

Exo Design  
2019-2020

Attend client meetings to establish the needs and expectations for the project.  
Generate numerous sketches to visually express ideas.  
Conduct extensive research into each product's target market to gain a better understanding of the users' needs.  
Create and render CAD models of refined concepts.

### INTERN

Supermodelli  
2018-2019

Collaborated with companies to transform their designs into physical models.  
Worked with experienced craftsmen to complete projects that meet the highest quality standards.  
Handled multiple tasks simultaneously both in a group and under my own supervision.
